Dear Parents and Carers,

It is hard to believe that we are speeding towards the end of another academic year already! We are still hindered this year by COVID-19 restrictions, but we have been busy formulating a COVID secure plan for our end of year events and celebrations, which hopefully the children will enjoy and look forward to participating in safely. We would like to share our proposed calendar of events with you, so that you are aware of how the rest of the term will likely progress.

Please be aware however that some events are dependent on weather or on government restrictions being eased on June 21st. Should this not be the case, we may need to alter the finer details. We will of course keep parents updated and provide further details for events and how they will be organised, as we get nearer to the event date. If we are unable to invite parents (numbers will be limited) on to the school site for specific events due to COVID-19 restrictions, we will endeavour to make alternative arrangements, such as recording or live streaming those specific events.
